Market Makes Stand Against the Reaction of Thursday

# READING SHOWS STRENGTH

Pulls the Market Up Until Just Before the Closing.

(By Associated Press.)

NEW YORK, July 8.—The forces in the market making for higher prices made a stand to-day against the reaction which developed yesterday, and turned the course of prices upward again. Support was in evidence from the outset, and although considerable selling to realize had to be absorbed in the early dealings, carrying prices backwards several times, these offerings diminished and opened the way for the late advance.

The upward movement which spread throughout the stock market in the after-

the way for the late advance,

The upward movement which spread
throughout the stock market in the aftermoon had its root in the Increase in Reading, which was lifted steadily upwards
on the continued absorption of heavy
bocks of the stock. There was no news
to account for the strength of this stock
unless it might, be the statistics of the
anthractic output for June, showing the
largest output with the single exception
of January, 1905, in the history of the
trade. Reading's 21-4 point advance continued to lift the market until the slight
recessions just before the closing on
profit-lakings. The closing was, therefore, rather bregular, but only slightly
belaw the best.

Both of the call. Total sales of
clocks to-day were 45-000 shares.
